

Dali

Technical Data

	Height	2582 mm
	Width	1650 mm
	Length	2828 mm
	Turntable Height	23 mm
	Weight	500 kg
	Power supply	230 VAC
	Power consumption	0,75/1 Kw

Designed to Serve. Engineered to Impress.

Dali redefines pallet handling by combining advanced engineering with operator comfort. Its ultra-low 23mm turntable makes loading and unloading effortless, minimizing strain and optimizing the use of warehouse space. The innovative “hugging” ramp design allows access from any direction, while the turntable drive system – inspired by aerospace technology – guarantees smooth and precise movement even under a full load. Dali lets you handle your packaging process with the mastery of an artist.

Dali DESIGNED TO SERVE. ENGINEERED TO IMPRESS.

Main Specifications

- Max pallet height **2500 mm**
- Max load **1200 kg**
- Frequency-controlled motors
- Electromagnetic brake
- Photocell detection
- Safety stop
- Dual belt lifting
- All shortcuts PCB
- 6 working cycles.

Main options

- Power pre-stretch
- Twin motor PPS
- Top press
- Hugging ramp
- Short ramp
- Wrapping height **3000 mm**

Twin-belt safety system

High performance PPS carriage

All shortcuts electronic board
